# How to APPLY

**Pupils who are wishing to apply for a ROAR Award as part of their wider school application to The Royal School should follow the ROAR Award application process below.**

## **ROAR Application Process**

Candidates are expected to submit and prepare a video recorded solo performance; this can be a poem, monologue, or a song from a published musical to be accompanied by a backing track. Applicants are encouraged to think about costume and props to help convey character, although this is not essential.

The solo performance must be prepared in advance and should last up to two minutes in length. Recordings will be viewed by our Director of Creative Arts. Applicants should be prepared to discuss the chosen piece via Microsoft Teams.

With this application candidates should include a short video, introducing themselves and telling us why they believe they would be a successful ROAR scholar. Candidates might wish to tell us about the contribution they make to the creative arts at their school, theatre groups in which they perform outside school, what they love about performing or what they feel they could offer The Royal School. References or letters of support may be submitted as part of the application.

## **Shortlisted Candidates**

Shortlisted candidates will be involved in an interview with our Director of Creative Arts. Shortlisted candidates should be prepared to discuss and workshop the piece via Microsoft Teams and communicate their passion for performance and explore what they think they will bring as a ROAR scholar to the department.
